

Richardson ISD High School Drill Team Guidelines

Drill team is a stand-alone extracurricular activity. The drill team guidelines are unique to team members and provide a necessary framework to aid in developing a successful drill team. The team guidelines are unique to team members and provide a necessary framework to aid in developing and maintaining a successful dance team. The guidelines are intended to ensure consistent and appropriate application of team expectations and standards. Any interpretation of these guidelines that works to undermine or circumvent the purpose and intention of the guidelines will be rejected.

Philosophy

- The drill team is a group of high school students chosen through organized, competitive tryouts. The goal of instructional and performance activities is to enhance each individual member's skills and development, resulting in a highly skilled performance group.
- In addition, the objective and purpose of drill team is to create school spirit, pride and loyalty through performances at school games, develop responsibility, teach self-respect, encourage honest effort, develop character while striving for excellence, enhance physical fitness development, and display teamwork through quality performances.
- Emphasis on sound teaching and learning principals is comparable to that of any other instructional setting. Each team member must be aware of the time commitment and individual dedication required to achieve personal improvement and effective teamwork through responsibility and discipline. Drill team members will demonstrate good citizenship and moral standard and assume responsibility for developing school spirit. Members shall set a positive example for other students through being responsible for their actions and demonstrating appropriate conduct.

Equal Opportunity

Richardson ISD will provide nonacademic and extracurricular services and activities in the manner necessary to afford students with disabilities an equal opportunity for participation in those services and activities. If a student requires a reasonable accommodation to try out or participate in the nonacademic or extracurricular services and activities, parents/guardians are asked to contact their campus administration to discuss the accommodation request as soon as possible and prior to tryouts. Accommodation requests will be reviewed by the appropriate staff to determine what accommodations may be made without fundamentally altering the program.

General Information

- Each school shall have its own rules specific to that campus. The campus rules and procedures shall not conflict with or contradict any portion of the district guidelines. In the event of a conflict, the district guidelines will be followed.
- At the beginning of the school year, drill team members must have earned the designated number of credits in state-approved courses towards graduation at the scheduled time: 10th grade – at least 5.0 credits; 11th grade – at least 10.0 credits; 12th grade – at least 15.0 credits.
- To ensure the district guidelines are review and updated as needed, the Executive Director of Fine Arts will arrange a required annual meeting with campus sponsors.

Eligibility - Tryouts

- To be eligible for tryouts, a drill team candidate must be enrolled as a student in the Richardson ISD. Any student who was not enrolled and actually in attendance at the beginning of the school year at the RISD school where he or she desires to tryout must:
 - otherwise meet the minimum eligibility criteria; and
 - if a newly enrolled student, must be enrolled and in attendance in classes in the RISD school no fewer than fifteen (15) calendar days prior to the tryout.

PHYSICAL EXAMS & PERMISSION SLIPS: All candidates must complete and turn in required permission slips, including a medical release form, prior to participation in any tryout activities. In addition, all candidates must pass a physical exam and the record must be on file with the drill team director before the drill team member can participate in any drill team activities. All candidates must have a medical history form and annual physical examination form on file prior to tryouts.

ORIENTATION MEETING: All candidates and their parent/legal guardian must attend any scheduled orientation meeting(s) prior to the beginning of the tryout workshops. At the meeting, all candidates will be advised in writing of requirements, duties, responsibilities and consequences of rules violations prior to tryouts. Parents and students should discuss concerns and questions about these guidelines, any drill team rules, request or expectation, or any other matter related to drill team with the director and/or principal prior to the parent and student signing the agreement form that indicates the student and parent/legal guardian understanding of and willingness to comply with all applicable rules as a condition of participation on the drill team.

Tryout Process

- Workshops and audition dates will be scheduled by the school.
- The number of pre-tryout workshops will be at the director's discretion.
- Tryouts cannot exceed four (4) days of out-of-school activities, including the judging.
- Tryouts before the judges will be held on one day.
- All eligible candidates must try out in person in front of the judges unless an alternate tryout method or a reasonable accommodation for an otherwise qualified student with an injury is approved.
 - This MAY include video evidence of skill performance taken in the current academic year that allows judges to consider and evaluate the performance skills in question. Note that though this may ultimately be considered a reasonable accommodation for a student who receives Section 504 and/or special education services, it is not meant to be a blanket statement in that regard. Any accommodations required under Section 504 of the Rehabilitation or the Individuals with Disabilities Education Act ("IDEA") must be formally considered and approved through the appropriate Section 504 or Admission, Review, and Dismissal ("ARD") committee process. A student may participate in the drill team tryout process at only one RISD school per school year.

CRITERIA FOR JUDGING:

- Tryouts for drill team membership will be closed sessions with only judges, administrator(s), and drill team director(s) present. Candidates will be judged for tryouts in groups, any size, which is determined by the campus principal. Each candidate will be scored independently by each judge.
- Callbacks generally will be at the discretion of the judges or the campus administrator.
- The categories used in judging are as follows:
 - Poise, athleticism, and presence (5 points)

- Kicks - technique & height (10 points)
- Splits-both legs (5 points)
- Projection, memory (10 points)
- Dance Technique (10 points)
- Overall impression (10 points)

JUDGES AND SCORING:

- A panel of three qualified judges will evaluate candidates for drill team.
- Reasonable efforts will be made to secure impartial judges who are not acquainted with any candidate. An individual who has attended any RISD high school during the four years prior to the school year in which tryouts take place shall not serve as a judge.
- A school administrator will collect the judges' score sheets immediately after the scoring. The administrator will maintain the score sheets in accordance with the applicable records retention requirement but no less than for the remainder of that school year.
- A candidate's scores and score sheets are confidential student information. To ensure all scoring is verified, score sheets will not be available for review by the candidate's parent/legal guardian until the week following the tryout announcements. A parent/legal guardian may make a request, in writing, to view only the score sheet for his or her student.
- The list of candidates selected as drill team members will customarily be posted within twenty-four hours after tryouts.

MEMBERSHIP: The RISD District Guidelines do not specify a certain number of line members for any school. The principal will determine the final number of members. Selection of officers will be at the sole discretion of the director. To maintain membership in the drill team, a student must meet the requirements as outlined in these guidelines.

APPOINTMENT PERIOD AND PERPETUATION: Selection for membership on the drill team is for one school year only, which runs from the date of selection through the date on which the next team is selected. All students who desire to tryout for drill team (returning and new) must participate in the December tryout process for the following year. No special tryouts will be held. Special circumstances will be addressed with the building principal and the Executive Director of Fine Arts.

MAGNET STUDENTS: A student accepted into the magnet at Richardson High School who completes the tryout procedure and makes the team must commit to attending Richardson High School. Failure to commit or a decision to return to the home school will result in a forfeiture of rights to participate in drill team at the home school for the remainder of the school year. A student may participate in the drill team tryout process at only one RISD school per year.

Transfer Students

- Must be a prior member in good standing of the drill team program at the district/school from which the student transferred.
- Must be enrolled in an RISD school.
- The student may only audition for one RISD school during the transfer process.
- Submit a recommendation letter from their current drill team director.
- The student will be presented with the same tryout materials from fall auditions. They will have 3 days to prepare their audition materials and will create a live audition video with the help of the head dance director on day four. This video will be adjudicated using the RISD Drill Team rubric by the other three RISD Head Dance Directors.

- If the student achieves a score above the score break, they will be notified that they earned a spot on the team and will be asked to meet in person to review expectations and contracts with the head director.
- This process must be completed by the official start of summer practice.
- Final decisions will be at the discretion of the campus principal.

Safety & Conditioning Standards

Safe practices and adequate conditioning are of paramount importance for each drill team and are vital to efficient athletic performance. A warm up period with stretching and flexibility exercises is required, which is vital in reducing injuries. Students who sustain injuries are encouraged to seek proper medical attention. The district is not responsible for providing medical treatments, other than addressing immediate needs (either by the school nurse or calling paramedics). Safe practices will be stressed and no student will knowingly be subjected to any unsafe situation. All drill team members must have a medical history form and annual physical examination form on file.

Summer Activities

- Official summer practice may begin no earlier than three weeks prior to the first day of school. The amount of time spent in summer practice (excluding officer/line camp) shall not exceed a total of forty-five (45) hours in any one-week period (Monday through Saturday), and no more than six hours in any one-day. Sunday practices are prohibited.
- No required summer practices will be allowed for a minimum of six continuous weeks during the summer. During that six-week period, the school, director, coach, students, or parent cannot organize any formal practice.
- The drill team director will supervise all required drill team practices from start to finish. At no time may drill team members be left unsupervised during a scheduled practice.
- Unscheduled or informal practices of the team are not allowed.

SUMMER DRILL TEAM CAMP: Attending summer camp is an expectation of all members. Students are encouraged to discuss any conflicts in a timely manner with their director. Drill team members who do attend such camps must comply with any rules and procedures of the specific camp, as well as RISD code of conduct and these guidelines. RISD requires that any student who represents the district will conduct himself/herself in an exemplary fashion at all times.

- The principal must approve official practice times.
- Drill team members must attend practice sessions as instructed by the director.
- During the school year, practice time will be limited to a total of eight hours per school week outside the school day. The school week is defined as beginning at 12:01 a.m. on the first instructional day of the calendar week and ending at the close of instruction on the last instructional day of the calendar week, excluding holidays.
- Practice for drill team can start no earlier than two hours before the first bell of the school day and the time of morning practice is included in the eight-hour rule during the school week, regardless of start time.
- All practices should be held to a maximum of 2 ½ hours work time, excluding spring show season.

- All required practices will be supervised by the drill team director. At no time may drill team members be left unsupervised during a scheduled practice.
- No informal practices may be scheduled.

Performances

All drill team members may not be required to perform at every performance. The drill team director, in cooperation with the principal, will determine the minimum number of team members for a performance. Team members must earn the privilege of performing by demonstrating all required skills for each performance. Drill team members may not perform at any activity unless the director or an appropriate chaperone is designated to oversee the activity. **Sunday performances are highly discouraged but, at the discretion of the principal and Executive Director of Fine Arts, may be authorized.**

REQUIREMENTS:

- Reporting late to game day practice for pep rally/game. The probation for this matter will be removed from the next week's performance.
- Absences or early dismissal for work will not be allowed and will result in removal from the routine.

Transportation

- The RISD Transportation Department will pay for the cost of transportation (either via RISD vehicles or private charter services as determined by the Transportation Department) to performances that involve UIL activities and certain other academic contests.
- If the sponsor chooses to attend an over-night contest instead of scheduling a comparable local contest, RISD Transportation will not pay for the transportation costs. The requesting school must pay transportation costs for all other types of field trips.
- Teachers should never transport students in private automobiles except in emergency situations or with prior written authorization from student's parent and the school principal.

- The District shall not be liable for any injuries that occur to students while traveling to or from a performance in private vehicles.

Attendance

- Prompt and regular attendance for all practices, tryouts, and performances is essential to maintain a high-quality performance group and therefore required. A member who fails to maintain prompt and regular attendance is not in compliance with these guidelines and may be subject to appropriate disciplinary consequences.
- A student who is not present for any required activity outside the regular school day, such as games and practices, is considered absent.
- Attendance will be considered when making cuts and grading.
- All absences must be accompanied by a note, email, or phone call from the parent.

UNEXCUSED ABSENCES:

- A member is allowed two unexcused absences each semester.

- Any absence approved by the principal for other school activities including religious holidays will not be recorded as an absence.

DEMERIT SYSTEM:

- Demerits are intended as an accountability system for noncompliance with team rules to reinforce team standards by keeping members accountable for compliance with all policies and procedures. While intended to address minor disciplinary infractions, demerits do accumulate and may result in dismissal from the team.
- A record of demerits will be maintained by the director or an officer in charge of this duty. It is, however, the responsibility of the individual team member to remain aware of her
