

Richardson Independent School District Device Repair and Replacement Program - Student/Guardian Device User Agreement

This student/guardian device user agreement covers any student chromebook owned by the Richardson Independent School District and assigned to a student for use at school and home.

Terms: I acknowledge and agree to pay \$20 to participate in the Device Repair and Replacement Program (DRRP). For students and families who qualify for the National School Lunch and Child Nutrition Program the cost will be \$10. For those experiencing financial hardships, please contact your campus administrator for payment options.

Link to pay online for DRRP: <http://risd.schoolpay.com>

This program covers accidental loss and damage of RISD student devices. The following coverage is provided:

Accidental Damage of a Device

- DRRP covers device repair or replacement for *accidental* damage or *non-negligent* loss of device (see proof and terms below).
- Any non-accidental damage or negligent loss of the device will be subject to the cost of the repair or full replacement cost of the device. Final determination will be made based on police reports, repair technician evaluations and campus administrators.

Stolen or total-loss of Device:

- DRRP covers a one-time replacement of the device, charger and case/keyboard.
- The device must be reported stolen or lost within 5 business days.
- All missing devices must be reported to law enforcement and a police report # submitted where applicable. This report must reflect no negligence.
 - Negligence can be defined as, but not limited to, any purposeful acts of destruction; leaving device unattended; not locking up device; forgetting where the device is (lost); or leaving device in vehicle overnight. All devices will be disabled by the district's management system if not returned to the district.
- Any student who has a device(s) covered by this program that was lost or stolen more than once will be subject to the full replacement cost of the second device. Exceptions can be made for extenuating circumstances.

I agree to pay the annual Device Repair and Replacement Program cost yearly, no later than the 15th school day of the beginning of each academic year. I understand that the program costs cover my liability from the start of the current school year, to the beginning of the first day of the following school year. Failure to renew the program costs each year will terminate my participation in the Device Repair and Replacement Program and I will be required to pay for any incurred damages or replacements.

I agree to comply at all times with the Richardson Independent School Districts' Student/Parent Guidebook/Student Code of Conduct and the Responsible Use Guidelines within. I understand that failure to comply with the terms laid out in the guidebook, or the policies defined above may result in the District reclaiming the property from my student and or non-honoring of the DRRP agreement. Furthermore, I understand that my failure to timely return the Property outside of the District's consent may be considered unlawful appropriation of the District's Property and the District reserves the right to pursue actions available under the law.

By checking this box, I confirm that I have reviewed the terms and conditions in this Agreement and that I have accessed and agreed to the [RISD Student Code of Conduct as outlined in the following document](#). I consent for RISD to issue my student a District owned device and agree to pay the costs associated with the Device Repair and Replacement Program.

Common Parts Cost if **Not Enrolled** In The **DRRP**

The following is a list of prices for parts that are commonly broken or need to be replaced on RISD chromebooks. Use this chart below to determine whether or not joining the Device Repair and Replacement program is the best option for your student. As a reminder, the DRRP is a one-time annual cost of \$20 per device.

Description	Cost
AC Adapter, 65W, 19.5V, 3 Pin, Type C, PECO, C6 Power Cord	\$65.00
Battery, 42WHR, 3 Cell, Lithium Ion, Polymer, BYD	\$119.00
Battery Cable,	\$20.00
EDP, Cable Touch, With Cable	\$11.00
Cable, USB Daughterboard, 30 pin	\$6.00
Cable Power, USB Daughterboard	\$11.00
Cable, USB Daughterboard, 40 pin	\$6.00
Keyboard, English-US, 74 Keys, M17CSC-C2	\$69.00
ASSY LCD, Touch Screen, 11.6 HDF, EDP1.2, With Bezel	\$269.00
Assy, Camera, Hard Drive, RED/GREEN/BLUE, USB2, 1 Microphone	\$55.00
PWA Motherboard, GLK-R N4020, PCB, Forest Creek 11, 2 IN1 Chrome 3100	\$335.00
Daughterboard, USB Type-A and Type-C	\$69.00

Students who do **not** join the DRRP are invoiced for the repair after the repair is made. This invoice will be reflected on SchoolPay usually within a day or two of the device return. Payment for the repair must be made as soon as possible. Devices can be remotely disabled, or campus activities limited if device repair invoices remain unpaid.
