

Top 5 Zoom Things to Know

1

Students should NOT create Zoom accounts.

Teachers have Join Codes or links for students to use. The student will use this to access the session.

2

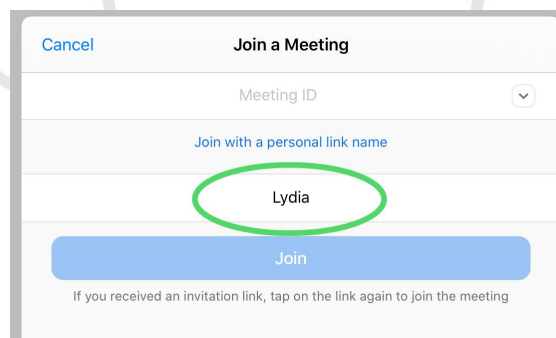

Students are expected to join daily Live instructional Zoom sessions. Have students log on 1-5 minutes prior to their Zoom meeting to ensure they are on time and can address any technical issues.

3

Help your students minimize distractions like sounds and activity in the background. Additionally, make sure lighting is appropriate. For example, if a student is in front of a window, it will appear as one dark image in front of a bright light. Have a lamp to shine near their face.

4

When joining a Zoom session, make sure you student enters his/her/their name so the teacher sees who is in the waiting room.
