# The Fentanyl Factor

## DOCUMENTARY AND Q&A

In an effort to provide information to parents and students about the lethal dangers posed by the drug fentanyl and the increase in fentanyl poisonings in North Texas, RISD is sponsoring a screening and discussion of “The Fentanyl Factor” on May 2 from 6:30 to 7:30 p.m.

The 18-minute documentary highlights the increase of accidental overdose deaths due to the mixing or lacing of fentanyl with other substances. The film will be followed by a Q&A with local experts. Both the film and discussion are appropriate for parents and teens.
